The Honorable Chairperson and Members of the Executive Committee New Jersey Municipal Environmental Risk Management Fund Parsippany, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the New Jersey Municipal Environmental Risk Management Fund for the year ended December 31, 2016, and have issued our report thereon dated April 14, 2017.

As part of our audit, we performed procedures required by the New Jersey Department of Community Affairs, Division of Local Government Services and the results thereof are disclosed on the following page. This letter does not affect our report dated April 14, 2017 on the financial statements of the Fund.

This report is intended solely for the information and use of the New Jersey Municipal Environmental Risk Management Fund's management and the New Jersey Department of Community Affairs, Division of Local Government Services and Department of Banking and Insurance. However, this report is a matter of public record as its distribution is not limited.

NEW JERSEY MUNICIPAL ENVIRONMENTAL RISK MANAGEMENT FUND COMMENTS AND RECOMMENDATIONS

The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Suggestions to Management:

Economic Conditions and their Effect on Fund Operations

The prolonged period of low interest rates we are experiencing has negatively affected the Fund's investment yield and Net Position. Investment Income has declined from a high of more than \$1,000,000 in 2007 to \$232,181 for 2016. In addition, poor economic conditions generally lead to increased claim activity. As a result, the Fund's safety program, underwriting and assessment policies have an increased impact on the operations of the Fund.

Fund Deficits

Fund Year 2004 and 2006 are experiencing a Fund Deficit of \$836,450 and \$2,316,532 respectively. It is suggested that management develop a plan to eliminate these deficit balances.

Projects of the Governmental Accounting Standards Board

The Governmental Accounting Standards Board currently has a number of projects under way, some of which could have an effect on the Fund's accounting and financial reporting practices. Projects include a review of Revenue and Expense Recognition, a Reexamination of the Financial Reporting Model, and Equity Interest Ownership Issues. In addition, Governmental Accounting Standards Board Statement No. 85 Omnibus 2017 is effective for the 2018 calendar year and may affect the recognition of certain money market investments among other items.
