

2011 EJIF SEMINAR

DPW & Municipal Sustainability

ENVIRONMENTAL JOINT INSURANCE FUND MEMBER:

The Environmental Joint Insurance Fund (EJIF) wishes to extend an invitation to you and other members of your Municipality or Utility Authority to attend an upcoming workshop to discuss the impact of sustainable behaviors, purchasing, and operations on safety, efficiency, the environment and the economic bottom line. Administrators, Clerks, Purchasing Agents and DPW Directors are urged to attend.

With proper planning, "going green" doesn't have to be prohibitively expensive or overwhelming. At this seminar, we will discuss Sustainable Jersey, a state program that provides information, resources and grant announcements to municipal registrants. We will also explain how participation in this program, or any coordinated policy toward sustainability, can provide a framework to address and tweak a number of targeted operations and behaviors. Examples and information will be provided for:

- Energy Audits & Baseline Analyses
- Fleet Maintenance & Alternative Fuel Technology
- Green Purchasing
- Waste Management, Recycling & Composting
- Community Outreach
- Administrative/Policy Directives

The following Credits are anticipated to be available for attendees:

- **Public Works Managers:** 1 Technical; 1 Management
- **Municipal Finance Officers:** 1 Budgeting; 1 Office Mgt/Ancillary Subjects
- **Municipal Clerk:** 1 Finance; 1 Professional Development
- **Certified Recycling Professionals:** 2 Classroom

Please feel free to use the other half of this document to reserve your place. The program is being offered at various times and places throughout New Jersey. You may sign up for the session most convenient to you. There is no charge for attending. If you have any questions, please feel free to contact Bettina Blom of Birdsall Services Group at 1-800-879-6681 x6521.
